

JOB DESCRIPTION

JOB TITLE: Commissioning Engineer
WORKING HOURS: 40 hours per week
LOCATION: Dublin

ROLE SUMMARY

An exciting opportunity has arisen for a Commissioning Engineer to join a fast growing technology company. AVMI is the UK's leading provider of Audio Visual and Video Conferencing solutions and is expanding rapidly overseas as well as developing a number of market leading innovations. The purpose of the role is to carry out testing of systems designed by AVMI prior to installation at the client's site. This is a great role that would be well suited to an experienced AV professional looking to further their career.

DUTIES AND RESPONSIBILITIES

- Working with design CAD Schematics, ensuring systems are installed and working at optimum levels and to client expectations.
- Fault finding systems and resolve issues associated with design and manufacture.
- Conduct Factory Acceptance Testing (FAT) of systems in the manufacturing environment in line with developed test plans.
- Complete Site Acceptance Testing (SAT) at client's site which includes final adjustment of system prior to handover to client.
- Provide user-training to end client.
- Support Project Managers in the successful delivery of all projects.
- Liaise with suppliers and manufacturers to ensure technical knowledge is gained to successfully deliver projects.

SKILL SET REQUIREMENTS

- Excellent technical knowledge of AV & VC equipment from all major brands.
- An up-to-date understanding of the AV marketplace including products and trends.
- Excellent verbal and written communication skills.
- Excellent problem solving and troubleshooting skills.
- Ability to understand project schedule and plans.
- Ability to priorities and work under pressure is essential.
- Good understanding of Microsoft Office including Excel and Word.
- CAD/Visio experience for the production of detailed schematic to company standards.
- Manual handling tasks will be required when necessary for moving equipment.

WHY WORK FOR AVMI

- Be part of a fast-growing company working with some of the world's biggest brands.
- Ambitions to become a global player (recent office openings in New York and Hong Kong).
- An evolving business that provides great opportunity for development and progression.
- Full training program provided.
- Great team environment.
